

# COUNTY OF YORK

## MEMORANDUM

**DATE:** March 18, 2005 (BOS Mtg. 4/5/05)

**TO:** York County Board of Supervisors

**FROM:** James O. McReynolds, County Administrator

**SUBJECT:** Tidewater Appalachian Trail Club

As the Board is aware, part of the development of additional amenities at New Quarter Park included hiking trails. Where possible, it is the practice of County government to form partnerships with citizens and civic organizations to better accomplish the tasks at hand. Recently, that approach has been exceptionally demonstrated by the Tidewater Appalachian Trail Club. Club members volunteered 740 hours to construct approximately three miles of hiking trails at New Quarter Park. This contribution to the citizens of York County and the region has a value estimated in excess of \$12,500.

Proposed Resolution R05-62 expresses the appreciation of the Board of Supervisors and commends the Club for its contribution and commitment to the project. The resolution will be formally presented at ribbon-cutting ceremonies for the new facilities at New Quarter Park.
